### Annual Business Communications

OIT/CIT publishes three complementary views into our IT world— our strategic goals, business plan, and annual report. Together, they provide a complete picture of our long-term goals and near-term plans and accomplishments.

[Business Plan for Fiscal Year 2008 and Five-year Strategic Goals](#) (PDF 307K)

This plan lays out specific plans, priorities, and timelines for enhancing OIT's and CIT's services and products in 2007-2008. The OIT/CIT strategic goals, also included in this plan, cover the upcoming five years. They are annually updated to reflect the emerging requirements of the Cornell community and to ensure that our goals stay closely aligned with Cornell's goals and our mission.
